

HOUSTON WHOLESALE MARKET

CARGO MOVEMENT
AND WELL DISTRIBUTED.

More Active—Oats and Corn—Cabbage Plentiful—Small Varieties of Oranges.

There was an average movement in the market yesterday and one very active throughout the various departments. A fair amount of produce went out to city dealers and country demand was in evidence. There was a decline of the in both red and white sacked corn. The market is about ended on sweet potatoes and local supplies are not expected to be replenished.

On oats No. 2 mixed sacked have been in both grades of white and red.

STOCKS MINERALLY ACTIVE.

IMPROVEMENT IN DEMAND
HELD OUT WELL.

Higgins Improved—Palestine and Beaumont Strong—M. and M. Active. Good Bids for Sour Lake.

Moderate activity prevailed at the Oil and Stock Exchange yesterday. The recent improvement in demand for stocks that are known to be backed by companies making headway toward placing their product on the market and realizing earnings for the holders became more pronounced.

Anglo-American was a weak seller at 2 cents, and bids less than that were stoutly rejected. American Oil and Refining new sold at an advance of 1/2¢, after which traders were very wide apart. Drillers was a much heavier seller than formerly and was easily obtained at the recently standing bid of 1/2¢.

Higgins again made improvement and an advance of 1/2¢ was given for its shares. This exhausted holders around such price and increasing bids did not attract them. The latter finally went up to \$33.50, a gain of \$1 over the former day while sellers moved up to \$34.00/35.00.

Palestine and Beaumont took a decided jump and after sellers were exhausted at prices showing 1/2¢ increase no more could be had for less than a cent advance. Merchants and Planters was as active as in some of its best selling days, in point of quantity. Values still remained under 1 cent, and after holders at 1/2¢ were exhausted, the ask price was increased to a cent on the last call with bids at 1/2¢.

Fort Worth traded to advantage and there was still an untended demand at prices around that for which sales were made. A good trade occurred in Export Oil and Pipe. Buyers went 1/2¢ above recent advances and obtained 300 shares, after which offerings were withdrawn. Manhattan was again in good favor, and there were no responses to bids around 50¢ and 20¢.

Sellers were very firm and good quantities were wanted. Enterprise sold at a slight loss in value, though much was not to be had on that basis. Houston and Beaumont dropped well below recent selling prices, and General American sold at a loss of 1/2¢ on the day.

Glady's of Beaumont brought top prices at 1 cent, but could not be obtained for less. Bids for Beaumont Confederate declined 1/2¢, and a very strong demand was in evidence for Beaumont Saratoga Oil and Pipe. Offers for Sour Lake Springs reached the highest mark yet made without bringing response from holders. The stock was wanted at \$125, a premium of five to one on its par value. Beatty was in high favor, but holders were too steep. Bids increased to 2 1/2¢.

Before buying your oil stocks get our advice and weekly market letter; write us call for both; they are valuable and conservative. Oil Exchange Building, Houston, Texas, corner Pearl and Bonham streets, Beaumont, Texas.

ing could cause a covering movement and advance the market. The result is that they were quite successful, as practically all the buying came from those who have been conspicuous sellers. Liver oil and that kind of oil has been and will continue to be a very active and important feature of the market.

Richard Cooke & Co's Letter. Houston, Texas, May 6.—With estimates of 8,000 against 10,000 bales last year and ports 10,127 against 18,003, the market advanced steadily from the opening, closing at the 10¢ 24 points from the 10¢ 10 points.

Onions Shipped by the Carload and the Crop is a Paying One. Cuero, Texas, May 5.—Onions have been rushing in by the carload for the past week or two. The Arkansas Valley Onion Association have marketed several cars. This association has made a splendid success. If the cold weather did not shut the cabbage crop and the drought injured the potato and onion crop. They have demonstrated the fact that truck growing is very profitable with favorable weather conditions and self-sustaining with unfavorable conditions.
